

Why Was the Foundation Created?

The Kimberly School Foundation was organized in February of 2009 by Kimberly residents to enhance and enrich the educational opportunities for the students of the Kimberly School District.

For many generations, the community of Kimberly has been dedicated to providing an excellent educational experience for our youth. Our schools touch not only our children but people of all ages and have an enormous effect on Kimberly's economic vitality. The Foundation will provide another avenue for the citizens of the community and our alumni to continue to support our excellent schools.
