

Kimberly School District
COMMUNITY RELATIONS 4210

School-Support Organizations

The Board recognizes that parent, teacher and student organizations are an invaluable resource to the District schools and so supports their formation and vitality. While parent, teacher and student organizations have no administrative authority and cannot determine District policy, their suggestions and assistance are always welcome. Membership in these organizations must be open and unrestricted to all expressing an interest to contribute.

Booster clubs and/or special interest organizations may be formed to support and strengthen specific activities conducted within the school or District. All such groups must receive the approval of the school principal, superintendent and the Kimberly Board in order to be recognized as a booster organization. Staff participation, cooperation and support are encouraged in such recognized organizations.

Fund-Raising by School Support Groups

Fund-raising by school support groups is considered a usual and desirable part of the function of such groups. The specific fund-raising activities must be approved in advance by the school principal. The principal must be consulted prior to any expenditure of earned funds. All such earned funds raised by school adjunct groups are to be used for the direct or indirect support of school programs.

Equipment and supplies purchased by support groups and donated to the schools becomes the property of the District and may be used or disposed of in accordance with Kimberly District policy and state law.
