Extracurricular Activities:

Eligibility:
1. **Age Eligible:** A student becomes ineligible for athletics upon completion of the sports season in which he/she becomes twenty (20) years of age.
2. **Academically Eligible:** All students must be academically eligible. To be academically eligible a student must be enrolled full-time in school, be on target to graduate, must have passed 75% of their classes, and maintain a 2.0 overall GPA or higher during the previous semester. This policy applies to all students in the Kimberly School District in grades 9-12.

All incoming 9th grade students are automatically eligible for the first semester activities. All activities governed by the Idaho Activities Association are covered by this policy. Students falling below the minimum standard will become academically ineligible to participate in their chosen activity. Eligibility will be determined from the previous semester's report card.

i. **Academic Probation:** Grades will be monitored during the current semester using progress reports, quarterly report cards, or semester report cards. If at any time a student has earned a “D” or “F” in any class, he/she shall be placed on **Academic Probation** for the balance of that semester. If a student is placed on **Academic Probation**, as defined above, then during this probation period the student will still be able to practice and participate in the chosen activity while on **Academic Probation**. Academic progress will be closely monitored during the time the student is on **Academic Probation**. Such monitoring shall include but not be limited to the coaches conducting grade checks, holding study halls, or arranging individual or small group tutoring to assure the student athlete of remaining academically eligible. However, if the student athlete has failed to attain a 2.0 GPA by the end of the “academic probation” period, the student/athlete will become ineligible to participate in any IHSAA activity for the following semester.

ii. **On Target to Graduate:** A student having the necessary number of credits to graduate, receiving a diploma, with their class through the normal school day program as indicated by a graduation plan. The diploma must be earned by the end of the summer following their senior year in order to be eligible for activity participation. The minimum number of credits to be on track for graduation is: at the beginning of the student's sophomore year - 12 credits; at the beginning of the student’s junior year - 24 credits; and, at the beginning of the student’s senior year - 36 credits.

All student participants in high school activities and their parents will be required to read and sign a copy of this policy acknowledging their understanding of the guidelines herein.

b. **Behavior eligibility:**
1. A student who is on a written behavior plan written and monitored by the Kimberly High School Principal, or their designee, is not eligible to participate in any IHSAA activity for the duration of the written contract.
2. A student who is violation of Policy 3340 Extra and Co curricular Chemical Use Policy may not be eligible as provided for in Policy 3340.
3. A student who is suspended from school may not participate in any IHSAA activity or practice.
4. Any student convicted of a criminal offense may, at the discretion of school officials, become ineligible for such a period of time as the school officials may decide.

c. **Equal Opportunity:**
5. In establishing an interscholastic program, the Board directs the administration to open all sports to all students enrolled in the District with an equal opportunity for participation.
