

Kimberly School District #414
REGULAR BOARD MEETING FY24

THURSDAY, AUGUST 17, 2023

ITEM#10B4 SUPPLEMENTAL LEVY RESOLUTION

The current supplemental levy for KSD will expire at the end of FY24. March is no longer available for a supplemental levy election. The remaining dates would be November 2023, May 2024, or August 2024. The May and August dates make it very difficult to budget not knowing if the supplemental levy monies will be available. A resolution for the board to consider has been created by legal counsel for the same amount of \$800,000 as the last two levy election cycles. Additionally, Clearwater Financial will be available to report the findings of the community survey regarding community support of the supplemental levy. The due date to turn in the resolution to the county is September 8, 2023, for the November 7, 2023, election date. The board may consider tabling their decision until the August 22, 2023, special meeting if it feels the need to wait for further data from the community survey.
