~~IN DISTRICT “RESIDENT STUDENT(S)” ADMISSION AND TRANSFER POLICY/PROCEDURE~~

~~The Kimberly School District Board of Trustees recognizes that some of its patrons may want to enroll their children in a school that is located within a district boundary that is other than where their primary residence is located; therefore, this policy is adopted to allow all in-district patrons to choose among this District’s schools under specific conditions. In making a decision on a student’s enrollment application, the board of trustees shall consider the needs of the student requesting the transfer as well as other students affected by the transfer.~~

~~TRANSPORTATION~~

~~Parents or guardians of a student accepted under this enrollment policy will be responsible for transporting the accepted student. If bus space is available, then the students accepted under the enrollment policy may be transported from an appropriate, established bus stop within the district boundaries.~~

~~APPLICATION/APPROVAL PROCESS~~

~~A transfer request application must be submitted annually for admission to a specific school. Applications will be accepted anytime throughout the school year, although the general period for accepting applications will be before the 1st Monday in March of each year for enrollment in the subsequent school year. The application acceptance period may be waived with the mutual agreement of the principals from both schools. Students who reside in the district and move out of their school attendance zone during the school year must complete an out-of-district application if moving out of the district or an in-district transfer application if moving within the district but outside of their school attendance zone to stay in their school. Children of employees will be placed at a school based on considerations that best meet the needs of the district and employee and will stay at the school originally placed unless extenuating circumstances exist.~~
