**KMS/KHS RESTROOM RETROFIT FOR PRIVACY AND SECURITY**

\*\*\*\*\*

In recent years, we have had a number of issues in the secondary restrooms including vandalism, voyeurism, fights, drug use, and other inappropriate behavior. I have asked Jason Derricott of Starr Corporation to present options and answer questions regarding privacy stalls and screens for the toilets and urinals in our secondary restrooms that would provide privacy and security for all staff and students. Additionally, this would allow for security cameras in the “common area” of the restrooms to help monitor this location which we has experienced undesirable student behavior.
