ITEM# 2310P SELECTION OF LIBRARY MATERIALS

\*\*\*\*\*

This past fall I consulted with the district librarians to review our board policies regarding usage of the library and library materials. It was discovered that we do not have a policy on “weeding” which is the process of removing library materials that have become obsolete, dated, unappealing, or worn out. The proposed 2310P is a procedure that outlines the process for weeding, as well as the process for selecting materials, and the acceptance of gifts.

Recommendation: The administration recommends that the Kimberly School Board of Trustees approve the 1<sup>st</sup> reading of adoption of 2310P Selection of Library Materials.
