During the school board meeting that was held on 7-21-22, action for these policies were tabled until all five board members were in attendance. I have attempted to incorporate your collective thoughts for a gender identity and sexual orientation policy. Per the request, I used the D93 policy as a model. Additionally, I used language from the SLC school board policy as well as language from attorney Doug Nelson. In attempt to apply as much as possible to all students, to avoid separate is not equal, I have used some of the language in the proposed policy to add policy 2320 Field Trips and policy 3570 Maintenance of School Student Records for your consideration. Attorney Amy White, with Anderson, Julian, and Hull has reviewed the current draft of policy and does not have concerns. Once the board agrees upon a first reading, I would recommend that attorney Doug Nelson, review the policy focusing upon parental right to know related to student right to privacy.

Additionally, contingent on the language adopted in policy 3280, language in policies 2320 and 3570P may need revised to ensure consistency.
