# Comparing December Scores
# 2024 IRI & 2025 Amira

ISIP™ Early Reading results for Kimberly School District 414
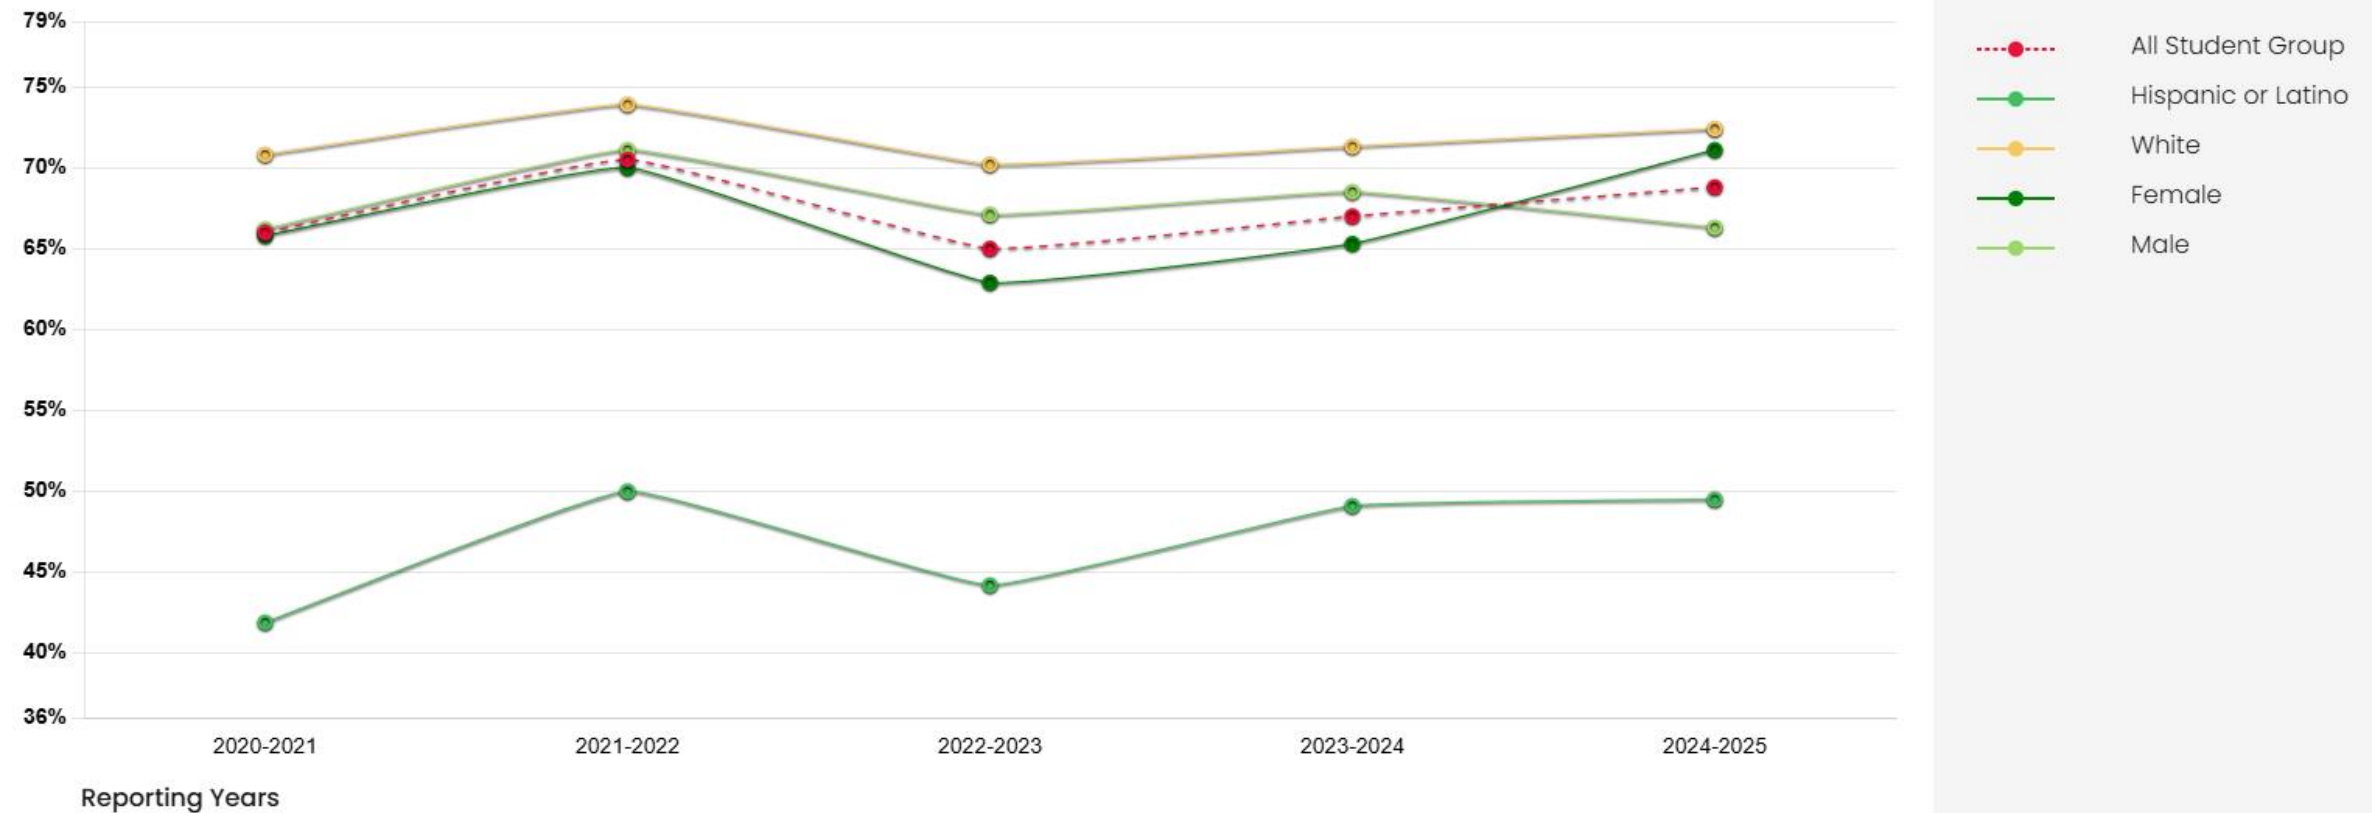

# Side by Side

## Old IRI

- Early literacy screener

- Automated, item-based scoring using a CAT algorithm.

- Measures foundational skills (PA, phonics, letter knowledge, decoding)

- Automated reporting

- Consistent scoring of responses but doesn't capture oral nuance.

## Amira

- AI-driven literacy & fluency assessment

- Student reads to Amira; automated scoring that includes speech recognition

- Measures foundational skills plus Ai scored oral ready fluency, dyslexia risk, and richer error pattern diagnostics

- Instant detailed reports with skill breakdown

- Highly consistent scoring systemwide and increased consistency.

- Actionable instructional recommendation. Finer diagnostic data
