RISE CHARTER SCHOOL PERFORMANCE CERTIFICATE

\*\*\*\*\*

RISE Charter School has requested that we use the current performance certificate criteria be utilized to evaluate RISE for last school year 22-23. It is recommended that the board of trustees direct KSD administration to form an evaluation committee to evaluate RISE for the 22-23 school year using the current criteria, and if possible, to be completed by the December 20, 2023, school board meeting. It is recommended that the committee consist of Luke Schroeder, Matt Schvaneveldt, Mike Caldwell from the Bluum foundation, and a staff member from North Valley Academy Charter School TBD. In addition to KSD staff there will be two third party people on the evaluation committee.

The other request was that the two-boards (RISE/KSD) meet to work on revising the performance certificate that will be utilized for the 23-24 RISE performance. KSD and RISE administration met earlier this week and made great progress in creating recommended revisions to the performance certificate going forth. Optimistically, the administration for RISE and KSD working collaboratively together will have aligned recommended changes to the Charter, Performance Certificate, and Performance Criteria to the two boards for consideration by the January or February board meetings. It is recommended that the KSD board request that the RISE and KSD administration continue to collaborate to create proposed revisions for each board to consider.
