

Kimberly School District #414
REGULAR BOARD MEETING FY24

TUESDAY, NOVEMBER 14, 2023

ITEM# 11B2

4/5 DAY SCHOOL WEEK

The Long-Range Planning Committee (LRPC) approached the board last May asking for permission, and the board granted, to investigate a 4/5 day with the goal of providing a recommendation to the school board by late winter/early spring of this current school year. As this will ultimately be a school board decision, the LRPC would like to provide the board with an update, timeline, and ask for clarification on what information will be needed for the Board of Trustees to make the best decision on this topic.
