

Kimberly School District #414  
**REGULAR BOARD MEETING FY26**

THURSDAY, DECEMBER 18, 2025

**11-2 CELL PHONE POLICIES**

\*\*\*\*\*

Per the discussion at the last meeting, consideration of student cell phone use at Kimberly High School (KHS) was tabled. Based on that discussion, it appears the Board is interested in moving toward a stricter “no cell phone” policy at KHS, similar to the approach currently in place at Kimberly Middle School (KMS).

For this meeting, KHS administration has been invited to attend and answer any questions the Board may have regarding current practices, implementation, and potential impacts of a revised policy. If the Board decides to adopt a “no cell phone” approach at KHS, it is recommended that implementation begin with the second semester to allow for preparation and communication with students, families, and staff.
