

Kimberly School District #414
REGULAR BOARD MEETING FY24

THURSDAY, SEPTEMBER 21, 2023

ITEM#11B-3 RISE CHARTER SCHOOL PERFORMANCE CERTIFICATE METRIC

The Performance Certificate Metric is utilized to rate RISE charter school on their performance for last year, FY23. This is what is required based upon the Charter and the Performance Certificate. As was discussed last year (11-17-22 Board Meeting) when reviewing the performance certificate for FY22, the administration from the two schools would collaborate to refine the Performance Certificate. Once KSD approves the revised performance certificate metrics for FY23 performance, it will be given to the RISE Board for their approval. Once the metric is agreed upon, the performance for RISE for FY23 will be determined. In the event the two parties cannot agree, the performance metrics adopted on December 3, 2020, by the KSD Board of Trustees would be utilized to measure the RISE performance for FY23. The recommended changes from last year include the following:

- All indicators that compared RISE’s ISAT with KSD scores have been removed. Per the evaluation team from FY22, use of indicators that create competition between the schools was discouraged. It is recommended that these indicators be removed.
- Added Student’s Fall to Spring growth. Statistically, 50% of students nationally meet their expected growth projection. Therefore, 50% was utilized as the basis of meeting the standard. It is recommended that these indicators be added to the performance certificate.
- In the original performance certificate one of the indicators speaks to RISE complying with transportation regulations. As the district provides transportation for RISE and is responsible for meeting all requirements, it is recommended that this indicator be removed.
- An indicator was added that measures the percentage of resident students and children of RISE/KSD staff members. It should be noted that RISE administration is opposed to this indicator.

Recommendation: The administration recommends that the Kimberly School Board of Trustees approve the Performance Certificate Metric as presented.
