REGULAR BOARD MEETING FY26

AGENDA #12B3 – REVISE 2026-2027 CALENDAR

In the currently adopted 2026–27 school calendar, it was requested that there be no school on October 2, 2026, to allow teaching staff to participate in statewide professional development provided by the State Department of Education.

Unfortunately, October 2 is not the correct date, as the professional development is actually scheduled for October 9, 2026. Therefore, it is requested that October 2 be changed to a regular school day and October 9 be designated as a no-school day.
