

Kimberly School District #414  
REGULAR BOARD MEETING FY26

THURSDAY, MARCH 19, 2026

AGENDA # 12B5

1<sup>ST</sup> READING REVISE POLICY 3141 OPEN ENROLLMENT

\*\*\*\*\*

The Board will consider a revision to Policy 3141 regarding open enrollment capacity. The district leadership team reviewed the current enrollment capacity levels by grade span and building. During this review, it was determined that the current capacity level for grades 6–12 does not align well with the enrollment limits established at the elementary level. Elementary capacities are currently set at 60 students for grades K–1, 66 students for grades 2–3, and 75 students for grades 4–5 per building configuration. Based on this review, the leadership team is recommending that the capacity level for grades 6–12 be adjusted from 120 students per grade level to 150 students per grade level to better reflect building capacity and program offerings. Board action is requested.
