REGULAR BOARD MEETING FY26

12B6 2026-27 SCHOOL YEAR CALENDAR

The Administration would like direction from the Board regarding the 2026–2027 school calendar. Specifically, guidance is needed on whether to continue with the current calendar structure, finishing the school year prior to Memorial Day, a one-week Thanksgiving break, a two-week winter break, and a one-week spring break, or whether the Board would like administration to explore alternative options.

The administration recommends continuing with the existing model, as it has provided consistency for students, families, and staff.
