

Kimberly School District #414
REGULAR BOARD MEETING FY27
MONDAY, JULY 27, 2026

Agenda Item 6: 2nd Reading Policy 3530/3530F: Student Fundraising

At previous meetings, the Board reviewed proposed revisions to Policy 3530 – Student Fundraising and provided direction following the first reading. The proposed revisions are intended to establish consistent expectations for student fundraising activities, improve financial accountability, and ensure fundraising efforts are aligned with district programs and educational purposes. The revisions also provide greater clarity regarding fundraising requests, financial reporting, and the appropriate use of fundraising proceeds.

Administration is requesting that the Board consider the second reading of Policy 3530 and any revisions made following the first reading and public discussion. If the Board determines the policy is ready for adoption, the recommended action is to approve the second reading of Policy 3530.
