12B3 - 3 YEAR GIFTED AND TALENTED PLAN

Idaho school districts are required to develop and maintain a Gifted and Talented (G/T) Plan that outlines how gifted and talented students are identified, supported, and served. These plans must be reviewed, updated, and formally adopted by the Board every three years. The Kimberly School District has revised its plan to incorporate current best practices, align with state requirements, and address the unique needs of our students. The updated plan, created by Matt Schvaneveldt, includes procedures for student identification, service models, staff professional development, and program evaluation. Mr. Schvaneveldt will present the plan, and the Board is asked to formally adopt it so it can be submitted to the State Department of Education.
