2 Different Breakfast  
Options at KMS :

- Breakfast in the Lunch Room
- 2<sup>nd</sup> Chance

## 2<sup>nd</sup> Chance Breakfast – Testimonials – KMS & KHS

“I think we should keep having breakfast, sometimes kids don't have time to eat at home or don't have anything to eat. Having breakfast at school is good for multiple reasons. It should be something we keep, I enjoy it.” -10<sup>th</sup> grader

“I love school breakfast and I love the kindness that the lunch ladies show everyone every morning!”- 9<sup>th</sup> grader

“For me as a teacher, I am greatly appreciative to see the students excited to get breakfast in the mornings. I know that some of these students leave home without having breakfast either due to getting younger siblings ready, or their parents are already at work, and not to mention that they may not have anything to eat at home. Times are tough right now and it warms my heart to see the students eating something that otherwise they wouldn't have time for before school starts. I have heard some of them say that they hadn't had dinner and were very hungry!”

“My kids don't have the stomach to eat early. My son takes medication in the morning before we leave home, and he can't eat anything because his stomach hurts for a while after taking it. He tells me that he goes and grabs breakfast before he goes to 2<sup>nd</sup> period because by then he can eat. I greatly appreciate that he has an option to eat something before lunchtime because he already has a hard time to concentrate and being hungry on top of that makes it almost impossible for him.” – KMS Parent

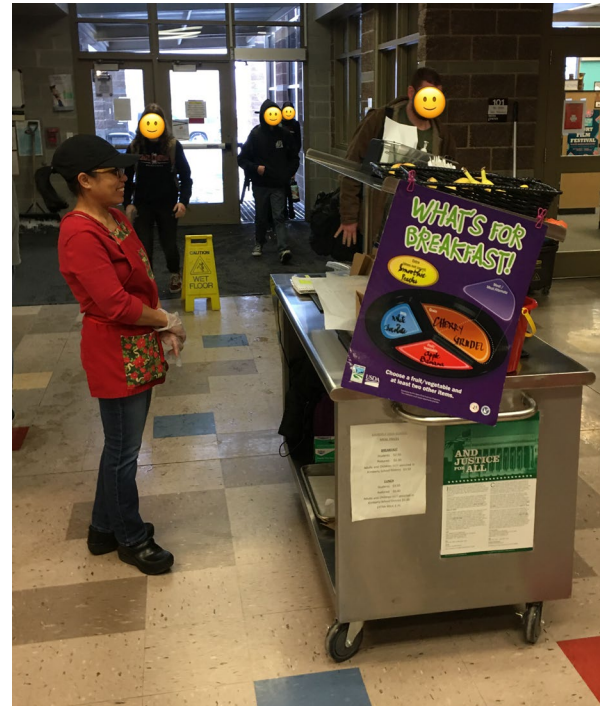

“I think having the opportunity to get breakfast is a great thing we get from our lunch ladies. Not only is the food good but you can tell they care about what you have to say and how you feel when it is made. Personally, i think it is a good thing and something that should be kept for students who get to school late and don't have the chance to eat breakfast.” - 12<sup>th</sup> grader
