5. **Goals and Objectives** *(Describe the specific goals and objectives of the project/initiative and how they align with the district's mission and support student learning)* *

This event will help the members of student council become better leaders in and out of school. It will improve student's futures by teaching them ways to increase school engagement and community involvement. They'll learn ways to become better leaders later in life and gain skills that will carry them through, not only the rest of their school days, but also through their adult lives. Those skills include planning, prioritizing, human resource management, time and task management as well as learning to effectively communicate with peers and superiors.

14. **Additional Comments** *(Include any other information that may be relevant to the board's decision)* *

This event will greatly impact student council and our ability to create and execute school and community activities. Without some financial help this event will drain a large portion of STUCO funds, leaving the club without a lot of funds to properly execute all that we learn at this conference.
