

# KSD TECHNOLOGY DEPARTMENT

2020-2021

A YEAR OF PANDEMIC CHAOS  
AND YET PROGRESS!

# DEVICES

Spring 2020 - Spring 2021

We are now a  
complete  
1:1/BYOD  
district  
(K-12)

## Last Spring Device Checkout:

622 Grades K-12 (Includes KHS 1:1)  
45 Teachers (Borrowed from Ag Cart)  
Approx. 15 Jet Packs for WiFi

Through the ESSER/Idaho Rebounds Technology Funds /  
Online/Blended Learning Grant/Special Allocation  
Funds/SDE Chromebook Purchase—

Technology for KSD has made great strides:

Spring 2021: Have added an additional:

131 Student Laptops  
390 Student Chromebooks  
120 Student I pads  
56 Teacher Laptops for Remote Instruction  
20 Additional Jet Packs (Teachers/Students)  
Misc. web cams/monitors/doc cams for  
teachers

## INFRASTRUCTURE UPGRADE

The additional funding we received enabled us to purchase the remaining upgraded switches we needed to ensure our network can support our 1:1 endeavors.

We are not quite done. As projects often go, you fix one thing to find other things are not quite right! We need to upgrade our fiber optic run between KMS and KES to get the full advantage of our new switches. We are currently working on solutions to get this *up to speed* as soon as possible.

## OH AND.....GOOD BYE TEK-HUT; HELLO EDNETICS/FATBEAM

Change is hard, but we are up to the challenge of working with a new service provider for our network and internet needs.
