

Kimberly School District

STUDENTS 3110

Entrance, Placement and Transfer

Entrance, Date, Age, and Immunization Record

No pupil may be enrolled in the kindergarten or first grade whose fifth (5th) or sixth (6th) birthday does not occur on or before the first (1st) day of September of the school year in which the child registers to enter school. Any child of the age of five (5) years who has completed a private or public out-of-state kindergarten for the required 450 hours but has not reached the age and date requirements set forth above, shall be allowed to enter the first grade. A birth certificate and an immunization record are required for admission to the District.

Placement

The goal of the District shall be to place students at levels and in settings that will enhance the probability of student success. Developmental testing, together with other relevant criteria, including, but not limited to, health, maturity, emotional stability, and developmental disabilities, may be considered in the placement of all students. Final disposition of all placement decisions rests with the principal, subject to review by the Superintendent and the Board.

Transfer

District policies regulating pupil enrollment from other accredited elementary and secondary schools are designed to protect the educational welfare of the child and of other children enrolled in the District.

Elementary Grades (K-8): Any student transferring into the District may be admitted and placed on a probationary basis for a period of two (2) weeks. Should any doubt exist with teacher and/or principal as to grade and level placement of the student, the student shall be subject to an educational assessment to determine appropriate grade and level placement. During the two-(2)-week probationary period, the student will be subject to observation by the teacher and building principal.

Secondary Grades (9-12), Credit Transfer: Requests for transfer of credits from any secondary school shall be subject to a satisfactory examination of the following:

1. Appropriate certificates of accreditation of schools attended.
2. Length of course, school day and school year.
3. Content of applicable courses.
4. The school facility as it relates to credit earned (i.e., lab areas for appropriate science or vocational instruction).
5. An appropriate evaluation of student performance leading toward credit issuance and satisfaction of graduation requirements.
6. Final approval of transfer credits will be determined by the high school principal, subject to review upon approval by the Superintendent.
