

Kimberly School District
STUDENTS 3615F
Bring Your Own Device Permission Form

Student: _____

School Year: _____

Dear Parents/Guardians:

Kimberly School District allows students to participate in a curriculum-based Bring Your Own Device (BYOD) Program. Signed agreement to the following terms and discussing them with your child are required before your child can participate in the District's BYOD Program. Your child must also sign Form 3612F Internet Access Conduct Agreement to participate in the BYOD Program.

The use of an approved personal electronic device is a privilege and students may be denied access at any time. The violation of any laws or District policies while participating in the program may result in the loss of your child's privilege to participate in the program and/or disciplinary action.

Please sign below, indicating whether you agree to allow your child to participate in the BYOD Program, and return this form to the building principal at:

Kimberly High School or Kimberly Middle School

Parents/guardians and their children share the responsibility for technical support and providing a properly charged BYOD device. If a BYOD device has technical difficulties a District-owned device may be provided if available. The District will also expect you and your child to keep the BYOD device free from viruses, malware, and/or any other harmful programs that could damage the District's electronic network. Neither the District, nor any of its schools, is liable for any device that is stolen, lost, or damaged on District property or proceeding to or from District property, whether due to the action/inaction of the student or that of any third person. Finally, the right to privacy in your child's BYOD device is limited while it is on any District property.

Participation Authorization and Responsible Use Agreement;

I hereby request that my child be allowed to participate in the District's BYOD program. I have read this agreement. I understand the program is designed for educational purposes and that the District's Internet gateway must be accessed to minimize access to inappropriate material. I also understand that at no time shall there be any attempt to bypass the District's Internet gateway or the use of any private Internet access. I will hold harmless the District, its employees, agents, and Board members for any harm caused by materials or software obtained via the District's network. I have previously signed Form 3612F Internet Access Conduct

Agreement. I have also read and discussed with my child the following documents. My child and I agree to abide by these policies, procedures, and forms:

1. Policy 3615 Bring Your Own Device (BYOD) Program
2. Form 3615F Bring Your Own Device (BYOD) Permission Form
3. Policy 3612 District-Provided Access to Electronic Networks
4. Procedure 3612P Acceptable Use of Electronic Networks
5. Form 3612F Internet Access Conduct Agreement

I understand that my child and I share responsibility for technical support, providing a properly charged BYOD device, and keeping the BYOD device free from viruses, malware, and any other harmful programs that could harm or infect the District's electronic network.

I understand that the District does not provide liability protection for BYOD devices, and is not responsible for any damage, loss, or theft whether caused by my student or any third party.

I understand that my child's privacy rights in his or her BYOD device while on any school property are limited as outlined in District policy.
