

Problem Solving

for the school lunch program

Shortages, Price Changes & Vendor Changes

- **The Surplus List**
(A list of random, available products from the USDA.)

Example(s):

\$3.85/30lb case for “fajita” style chicken tender pieces.

\$3.85/case for canned fruit.

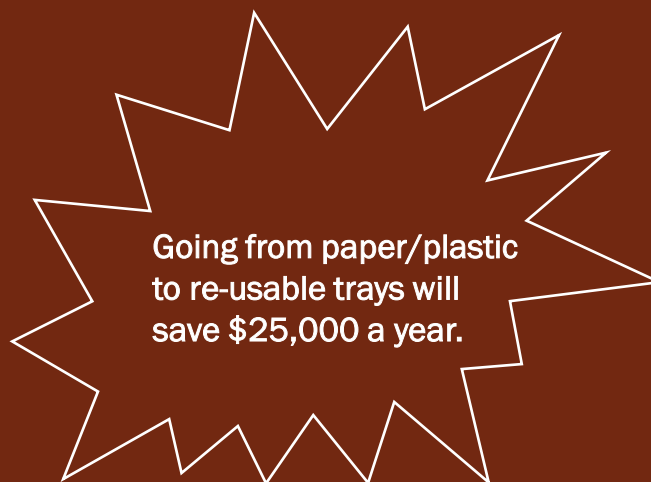

- Vendors are unable to keep products in stock to supply to schools.

Example(s):

Buns – regular vendor out for months.

Produce Shortage

- Prices of many products are almost doubling due to shortages and supply issues.

Example(s):

Pre-packed carrots

Vendor A: \$46.75/case

Vendor B: \$27.58/case

Canned fruit

Old price \$38/case

New Price \$80/case

Made in-house Foods

*previously ordered as pre-made products

- Pizza
- Breakfast Burritos
- Donuts
- Brownies

Catering

for classrooms and fundraisers

- Classrooms can order special food and treats.
- Fun for kids in classroom.
- Some count as “reimbursable meals” for the school. (pizza/salad)
- Hoping/planning to expand to more treats, like cupcakes, etc..
- Great opportunity for the lunch program to make extra money.

What we currently make for classrooms:

- Cookies
- Brownies
- Donuts
- Pizza
- Breakfast Burritos

Keep 'em coming

Offering more options to keep kids excited about our school lunch program.
