November 15, 2019

November Board Report

We're finished mowing for the year; however, we are still picking up leaves. The turf tires have been removed from the Kabota tractor and the winter tires have been installed. The snow plowing equipment is ready to go!

Hopefully, we have enough ice melt in stock to last us for the winter. (5 tons).

We have the irrigation system blown out and winterized. The hand lines are put away.

We have been burning brush and leaves this past week, trying to catch up on our fall cleaning.

The custodians have been doing a great job, trying to keep up. We are still down one cleaning person.

Respectfully,

Ted Wasko
