Verse 1:

          C                                  F  
All my bags are packed I'm ready to go.

I'm standing here outside your door.  
          C                                  F          G7  
I hate to wake you up to say goodbye.  
                  C                                  F  
But the dawn is breaking it's early morn.  
          C                                  F  
The taxi's waitin he's blowin his horn.  
          C                                  F          G7  
Already I'm so lonesome I could die.

Chorus:

          C                                  F  
So kiss me and smile for me.  
          C                                  F  
Tell me that you'll wait for me.  
          C                                  F          G7  
Hold me like you'll never let me go.  
                  C                                  F  
Cause I'm leavin on a jet plane.  
          C                                  F  
Don't know when I'll be back again.  
          C          F                                  G7  
Oh, babe I hate to go.

G7                  C  
I hate to go.
