LEAVIN' ON TO MIDDLE SCHOOL (To the tune of Leavin' on a Jet Plane)

All our supplies are packed, we're ready to go

We're standing here outside your door

Our memories here make it hard to say goodbye

But the school year is ending, it's almost gone

We don't know what to do so we put it in a song

Already we're so nervous we could die

So, we'll kiss this school year goodbye

We'll spread our wings 'cause you taught us to fly

We know you'll be sad, but you have to let us go

"Cause we're leavin' on to middle school

Thanks $\uparrow \downarrow$, for being so cool

Ready or not, it is time to go (repeat)

It's time to go!
